Klamath Oil Company Elects Its First Set of Officers

\$2000 IS ALREADY SUBSCRIBED

horough Investigation of Klamath County Oil Prospects May Result in the Development of an **Industry of Vast Importance**

At a meeting of the incorporators of be Klamath Oi: Company, held yesteray, the following officers were elected: Heitkemper, Jr., President; E. B. lall, Vice President and General Man-White, Tressurer.

After the election the books were pened and \$2000 worth of stock subribed immediately, showing that those he have investigated the proposition ave entire faith in the future prospects. he people of Klamath are fast begining to realize that the oil business in his county is well founded. People are sually skeptical of any new discovery nd many believed that Klamath coanhad as many good things as she was ntitled to, but positive proof is always onvincing, and the number of solid sines men who have become intersted, after a thorough investigation, hows that the limit has not yet been school in our county's richness.

The company already owns about 500 acres lying in the east and of Pos Valley, and have a lease, with privilege purchase, on the Chas. Horton ranch, aking about 3000 arces in all. There a spring at one point on their land, rom which the oil is now oozing, and thile there are many places in the ounty where there are the best indicaone of oil, the experts claim that this round is the most likely for demontrative purposes at a shallow depth.

Most Desirable Change in Schedule

Postmaster Murdoch received a twis

Now if a further change could be made, providing for the mail to leave mittee meets, in order that Republicans Pokegama for this city immediately on may make up their minds what policies arrival there, it would result in the citisens of this county receiving their mail 13 hours earlier than at present. Of course this would necessitate a night schedule for the mail stage, but the business interests of this city and county are certainly of sufficient importance to demand even that. We are far enough out of touch with the outside world now, without allowing this time to be added too unnecessarily. If we expect to hold our own in the line of progress we will find that time is important.

BONANZA MAN OPPOSES CAUCUS

With Us and Good or Bad Must Be Adhered to

"We have been requested to make public some of the arguments for and against the holding of a cancus. As Bo nanza has not been heard from we print the following from that city:

In replying to your circular letter of the 16 ult. asking my opinion as to the advisibility of calling a caucus of republican voters to discuse the political situation and recommend a ticket to be presented to the voters at the coming primary election, will say that I believe that such action would be illadvised and any ticket such caucus would put out would be looked upon as arbitrary and in direct contravention of the primary

"We will not discuss the direct primary law, however good or bad it may be we have it with us and we must adhere to it.

"As to the desire of the aspirants to without any unnecessary expense, I believe that if one does not care to incur the expense incident to such a campaign he should keep out of it. A man who submits his name to the considerato form a special committee to ducuse tion of his party through the direct priand agree if possible on land legislation mary should in all conscience support the choice of that party. At a caucus or convention there always arises from the defeated candidates the cry of "unfairness and bossism" which ill the direct primary is supposed to cure. To avoid accusation of unfairness and to launch our ticket on the field without handicap should be the aim of all good republicans, and believing that a ticket chosen by such a caucus would be seriously handicapped I am for the direct primary law while it is with us.

> Yours very truly, CHAS. PATTEE."

Costs Money To Run

It is estimated that the candidates in the primary election in Klamath County will spend between \$2500 and \$3000 in their efforts to get the nomination. There are already 25 announced candidates and an average expenditure of \$100 is believed to be a low estimate. It is stated by those who know that \$150 is the least one can figure on who expects to cover the county. Of course there will be some who will not spend this much; but'if a strict account is kept un-

A Valentine Party

Rev. and Mrs. Geo. T. Pratt entertained a number of young people Thursday at a valentine party. An auction sale of valentines took place with the young ladies as valentines. The bidding became high at times and the young ladies were auctioned off at prices ranging from fifteen cents to seven thousand dollars. Refreshments were served and a most enjoyable time was had by all. The house was prettily decorated with hearts and valentines.

Beginning Monday, June 1, and continning untill Saturday evening. June 6, the Portland Rose Festival will be the feature of the northwest. The first one was beld last year and was such an unequaled success that the people of Portland decided to make it a permanent feature, and with that end in view incorporated a company, whose object it was to collect funds and promote the Festival. That it meets the hearty support of the business men of Portland is evidenced by the enormous amount that has been subscribed and the vigorous manner in which they are pushing it. It will be advertised from the Pacific to the Atlantic and the railroads will give special rates. It will rival in importance the Madri Gras of New Orleans, the Veiled Prophet of St. Louis and the Flower Carnival of Los Angeles and will undoubtedly attract a vast number of people from all over the country. That it would be an opportune time fo Klamath to be presented is certain, and that it ought to be represented with a float of some kind is the opinion already been expressed by a number of its citi-

eplendid piece of work at Sacramento. Would it not be possible for it to do the same at Portland? The expense of placing a float in the parade would not be very great. One of the most noted builders of floats in the United States has been employed to design and build an easy matter to employ him to prepare the float for Klamath. The county Following is the lineup for the first no doubt will have a large delegation in Portland at the time of the Feetival and they could make their pressure felt in a Oscar Wright manner that would do much good for

This is a matter which the Herald be-Austin Hayden lieves the Chamber of Commerce should take in hand at once and make pr tions for proper representation. It of-fers splendid opportunity for an immenense amount of advertising at a
